

RESEARCH MASTERY SERIES

- Concept Paper • Proposal Writing • Thesis Completion

February 14, 21 & 28, 2026

Clients Focused. Results Driven

Tobit Research Consulting

Why This Training?

Many postgraduate students:

- Finish coursework successfully
- Concept Papers rejected
- Begin research... and stall
- Face repeated corrections
- Experience proposal delays
- Struggle with Chapters 4 & 5

The Core Challenges

Common Barriers:

- Unclear research focus
- Weak problem statements
- Poor methodology alignment
- Statistical interpretation difficulties
- Limited supervisor availability
- Delayed feedback cycles

Result: Frustration. Delays. Loss of confidence.

Our Solution

This training series is designed to:

- Close the research skills gap
- Provide structured, practical guidance
- Reduce approval rejections
- Equip you for independent research writing
- Accelerate thesis completion

Session 1 – Concept Paper Development

February 14, 2026

- **Theme:**

**Developing Research Concepts That Get
Approved First Time**

Concept Paper – What We Will Cover

- Identifying a researchable topic
- Narrowing and refining focus
- Background search strategy
- Structuring the introduction
- Writing a compelling problem Statement
- Formulating clear research objective and variables
- Methodology- Research design, population, Research tools, Pretesting, analysis techniques

Session 2 – Research Proposal Writing

February 21, 2026

Theme:

Crafting a Methodologically Sound Proposal

Proposal Writing – Key Areas

- Strengthening the background and Problem statement sections
- Developing theoretical framework
- Building literature review correctly
- Gaps Identification
- Constructing conceptual framework
- Strengthening the research methodology
- Ethical considerations
- Instrument development
- Budget & work plan preparation

Session 3 – Thesis Writing (Chapters 4 & 5)

February 28, 2026

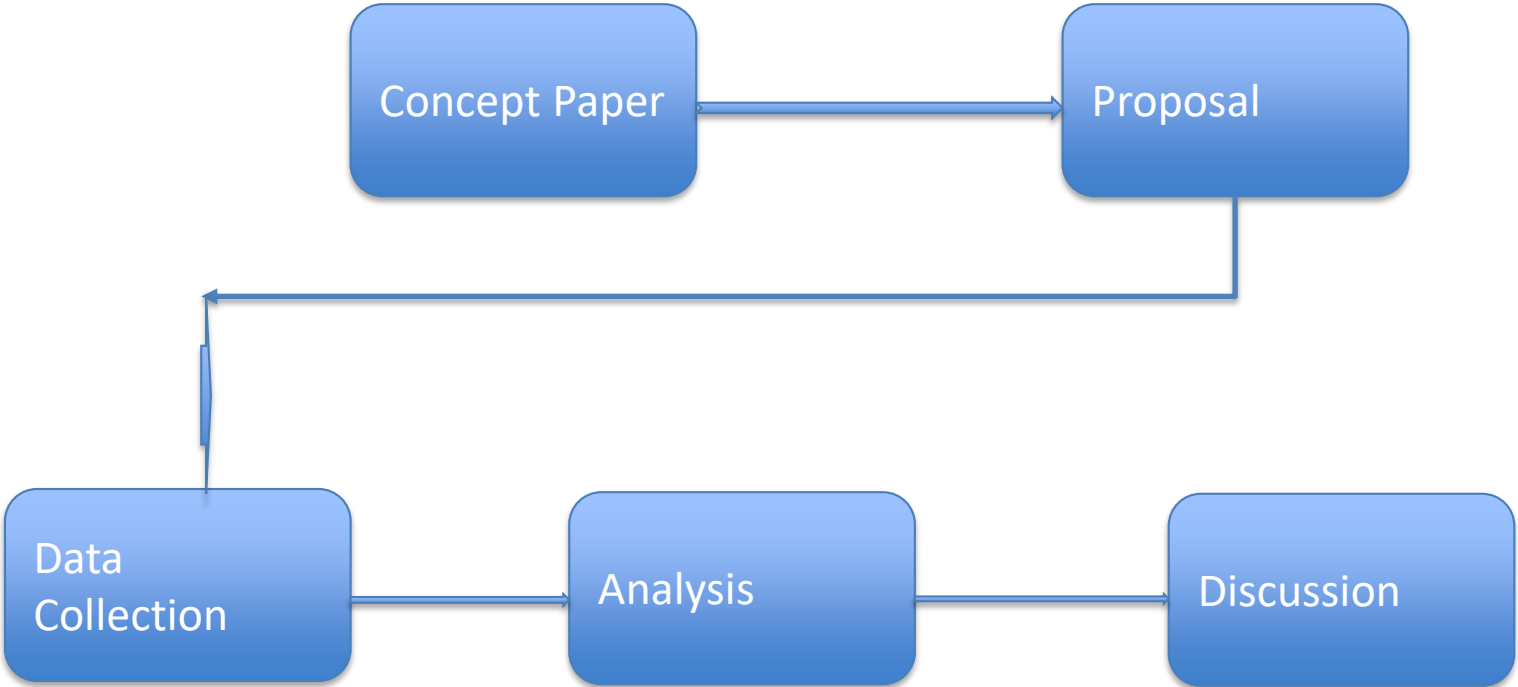

Theme:

Completing Your Thesis with Confidence

Report/Thesis Writing– Key Areas

- Preparing data for analysis
- Descriptive statistics presentation
- Inferential analysis interpretation
- Presenting tables & figures correctly
- Linking findings to theory
- Comparing with previous studies
- Drawing meaningful conclusions
- Writing strong recommendations

Overall Research Flow Framework

What You Gain

By the end of this series, you will have:

- Clear research direction
- Strong proposal structure
- Confident data interpretation skills
- Reduced revision cycles
- Faster completion timeline

Your Role

To benefit fully:

- Be active
- Ask questions
- Take structured notes
- Apply immediately
- Seek clarity early

Research excellence is **deliberate.**

Let's Begin

Session 1: **Concept Paper Development**
